The Maple Treat Corporation Difference

Authentic Taste:
We start with only the best sap from the best maple trees from the farmers we work with.

100% pure:
The only thing we add to our maple syrup is the label and our love.

Art & Science:
We base our operations in the heart of the Appalachians to get the best maple syrup for our blends. In return, our master sugarmaker creates the perfect balance which has a more complex and nuanced flavour.
